

## Cherryhill Senior Advocates

In 2025, Cherryhill Neighborhood Association received a City of Sunnyvale grant to support a project called **"Blueprint for Seniors"**, focused on our senior and elderly residents and caregivers.

To provide sustainability of the project, Cherryhill established the **Senior Advocates Committee**.

To facilitate communications within the neighborhood, we established an email to link residents with the Committee. We also have a dedicated section for the Senior Advocates Committee on our website, [www.cherryhillna.org](http://www.cherryhillna.org), where you can find useful information.

### Things we do:

- Connect with our Cherryhill senior neighbors and caregivers
- Offer resource information on topics of interest to seniors and caregivers
- Be a local support resource in the event of an emergency

**Can we help?** Contact us through our email:
